Course registration - Bachelor • Master • CEMS • Swiss Mobility

Course registration takes place through an online bidding process about three weeks before the semester begins. Student Mobility will inform guest students about the process well in advance. Information is also available on www.exchange.unisg.ch → Incoming details guest stay.

Courses take place throughout the entire semester (13 weeks) and/or in block seminars.

ISP students register for classes with the ISP programme director.

Recommended Workload - Bachelor • Master • CEMS • Swiss Mobility

The workload per semester averages 24-30 ECTS credits. We recommend that guest students take at least 16 ECTS credits per semester while at HSG. However, they should follow the minimum requirements of their home university. CEMS students must follow the CEMS regulations.

At the University of St.Gallen 1 ECTS corresponds to 30 hours of course work including lectures, independent study, projects, exams, etc.

Credits are awarded only for successfully passed courses.

Learning Expectations

Seminars, lectures, self-study. Students are expected to attend all lectures, to complete all course-related assignments and to take exams in order to receive a course grade.

Classes range in size from 20 to 300 students. ISP classes have fewer than 40 students.

Examinations - Bachelor • Master • CEMS • Swiss Mobility

Format

Examinations may be oral and/or written. Presentations/course participation may also constitute part of the final grade.

Schedule

Decentral: guest students can normally take their exams as decentral exams, during the last weeks of the semester (December or May). They should contact their instructor at the beginning of the course about the exam schedule.

Central: Central exams take place in January and June.

Guest students enrolled for two consecutive semesters

Students staying for two consecutive semesters must take exams for their first semester courses as specified in the course/exam description. If a "central exam" is specified, they may schedule a "decentral exam" if the course instructor permits.

See individual course descriptions for information on exam format and schedule.

## VISA & RESIDENCE PERMIT

| Semester exchange | Students staying more than 90 days in Switzerland must verify with the Swiss Consulate in their residence country if they have to apply for a visa determined by their respective citizenship. To apply for a visa, they will need to use the acceptance letter from Student Mobility sent electronically after their acceptance to exchange studies in St.Gallen is confirmed. Students are responsible for all related fees. Students are required to obtain a residence permit after they arrive in St.Gallen. Employment is not possible with this type of visa.  
| Bachelor • Master • CEMS |  

| Short-term exchange | ISP students may enter and reside for up to 90 days in Switzerland depending on their nationality. Students from visa-compulsory countries apply for a Schengen study visa. Student Mobility provides an acceptance letter electronically but does not otherwise assist with visas. ISP students should contact the nearest Swiss representation for more information about requirements.  
| ISP |
